RH-300V

OPTIMIZED FOR PERSONAL MONITORING WHILE PLAYING V-DRUMS

Optimized for personal monitoring while playing V-Drums, the RH-300V delivers accurate, punchy sound that inspires. From the powerful lows of the bass drum to the shimmering highs of cymbals, the tight, full-range performance of the RH-300V makes your private playing sessions more satisfying and enjoyable. These unique headphones are also a great fit with other Roland electronic percussion instruments, including the OCTAPAD SPD-30, SPD-SX, and HandSonic HPD-20.

MONITOR HEADPHONES

RH-A7-BK THE ESSENTIAL DIGITAL-PIANO ACCESSORY

The RH-A7 headphones are the perfect companions. They're comfortable and light with a secure fit, so you can wear them for extended periods of play. The open-air construction lets you have a conversation without having to remove headphones. Most importantly, RH-A7 headphones provide high-quality sound that lets you experience the complete, dynamic range of modern digital pianos. From delicate pianissimo to forceful fortissimo, these headphones handle every nuance and detail of your performance.

MICROPHONES

CS-10EM BINAURAL MICROPHONES / EARPHONES

The CS-10EM provides combined in-ear monitoring and binaural recording, enhancing the convenience and enjoyment of field recording — a great companion for the Roland R-07, R-05 and R-09HR field recorders. Simply wear the microphone-equipped earphones and capture what you hear, then listen back instantly. You can enjoy realistic sound as if you were there. You can also monitor while recording thanks to the CS-10EM's all-in-one design.
